- English: Technical Proficiency
- Portuguese: Native

PROFILE

Developer-in-training pursuing degrees in Systems Analysis & Development and IT, blending a software engineering mindset with the aesthetic vision of an audiovisual professional. Currently working in post-production at Alternativa Filmes X, contributing to films, documentaries, and commercials. This role sharpens a keen attention to detail, narrative, and timing—skills leveraged directly into building intuitive digital interfaces and products.

Experienced in developing web application prototypes, including e-commerce-inspired front-ends, CRUD systems, and REST API integrations. Proficient in responsive design, OOP principles, and data structures.

PROFESSIONAL EXPERIENCE

Allternativa Filmes X

Audiovisual Editor   2022- 2025

Edited and finalized cinematographic videos, institutional content, documentaries, TV commercials, and feature films.
Developed motion graphics animations and utilized the full Adobe Suite (Premiere, After Effects, Photoshop, Illustrator, Audition) to ensure high visual and sound quality for all productions.

IT Intern   2023(Apr) - 2023 (Jul)

Provided support for systems maintenance and executed comprehensive software tests to verify new functionalities.
Contributed to IT operations, including software installation/configuration, project file organization, and creating simple user documentation to support the technical team.

Administrative Assistant Intern   2019(Mar) - 2020(Jul)

Supported the administrative department with daily office routines, file organization, document control, and assistance with accounts payable and receivable.

EDUCATION

UNIVERSIDADE VEIGA DE ALMEIDA   2024(Jan) - 2026(Jul)
Analysis and Systems Development

COLÉGIO SANTO INÁCIO   2022(Jan) - 2023(Dec)
Technical Degree in IT - Web Development
