(Cisco Networking Academy)

LANGUAGES

- English – Technical
- Portuguese - Native

PROFILE

Junior Full Stack Developer with a degree in Systems Analysis and Development from Universidade Veiga de Almeida. I have experience developing and maintaining web systems using PHP (Laravel), JavaScript, and SQL, as well as integrating REST APIs.

I work on the development and maintenance of web applications—handling both backend and frontend—with a focus on MVC architecture, Git version control, and development best practices.

PROFESSIONAL EXPERIENCE

Crase Sigma

Junior Full Stack Developer

2026 (JAN) – PRESENT

Development and maintenance of web systems focused on condominium management.

Main responsibilities:

- Development and maintenance of APIs and web applications
